

# **75<sup>th</sup> Snipe Southwestern Championship**

## **White Rock Lake, Dallas Texas**

**May 28<sup>th</sup>-29<sup>th</sup>**

### **Results**

We enjoyed a week of great snipe sailing activities leading up to the 75<sup>th</sup> Snipe Southwestern Championship over the weekend. Austin Kana pulled into town with the traveling snipe fleet and pulled off the best clinics we have experienced with enthusiasm and experience. Austin's knowledge of sailing and his abilities to help attendees from basic sailing to fine tuning their snipes created excitement that will last a season. Snipe fleet 001 thanks Austin for all he did this week.

Saturday was a day of wait and see if the wind would drop down from the high 20-30 mph range. Late in the day the races were called and we relaxed at the club in the evening. The fleet provided a great pot luck dinner with Margaritas, Rum punch and more. We enjoyed music and a fun time socializing.

Sunday the wind dropped 1-2 mph and we went out for a day of surfing on White Rock Lake. We were able to sail three hotly contested races in the morning. As Austin put it "Who says sailing is not a physical sport". What a blast this weekend turned out to be. Don't miss the fun next year.
